Product Data Sheet

1.0 Name of the product	Uniflex® Color
2.0 Product description	
2.1 Description	Uniflex® Color is a cotton-woven, non-adhesive, elastic (lengthwise) bandage with crocheted selvedges and a smooth surface, intended for light compression and support, fixation and dressing retention to an external part of the body. It is non-sterile and provided as a roll designed to be cut in pieces of individual length for single application use.
2.2 Intended purpose	The elasticated bandage is intended to provide light support or compression as well as fixation and dressing retention in post-operative or post-traumatic usage. Application fields include: • Light support in the treatment of minor soft tissue and joint injuries (e.g. sprains, strains) • Light compression (e.g. in edema management to reduce effusion and swelling) • Secure dressings and fixation (e.g. when treating wounds). It is to be applied on intact skin only. Wounds have to be treated before by using an appropriate wound dressing.
2.3 Instructions for use	Instructions for use are not necessary. Product is well-known and self-explanatory. Pictograms and symbols on folding box are guiding to a safe use.
2.4 Warnings and precautions for use	None
2.5 Contraindications	None known for this product.
2.6 Transport Precautions	Not applicable
2.7 Duration of application Period of use	Wear time varies but is usually determined by the clinical condition, i.e. from hours to several weeks.
2.8 Information on reusable/ washable products	Not washable
2.9 Composition	63% Cotton 36% Polyamide 1% Elastane

2.10 Product range

Size	Color	Per folding box	Per shrink	Per shipper	Product code

3.0 Chemical substances of special concern to Essity

Essity has defined chemical substances that are of special concern and are subject to specific restrictions. A reference to the list of substances can be found in Annex A2 via the following link www.essity.com/gss

Deviations are covered in 3.1 Components.

3.1 Components

Raw materials used in product formulation

Substance	Included in formulation
natural rubber Latex	No
Lanolin and its derivatives	No
Colophony	No
Colophony derivatives	No
Bisphenol A (BPA)	No
Polyvinylchloride (PVC)	No
Methylmethacrylate	No
Butylacrylate	No
Microplastics (<5 mm)	No
Nanoparticles	No
Fragrance/parfum	No
Antibiotics	No
Triclosan	No
Chlorhexidine	No
Polyhexanide	No
Softeners (Phthalates)	No

Type of cotton used in the product: standard cotton

Raw materials used in the packaging

Substance	Included in formulation
Polyvinylchloride (PVC)	No
Natural rubber latex	No
Recycled material	Yes. Shipper case is made from partly recycled material.

Raw materials used in the product formulation and in the packaging may contain small amounts of the substances listed above and not marked as included in formulation as well as amounts of other substances not listed above. As trace level analysis is not performed for each batch BSN medical GmbH cannot provide proof of absence.
